DESCRIPTION:

In the heart of the historical centre of Desenzano del Garda, 150 meters from the lakefront and the beach, inside a small building with only six units, we propose a spacious four-roomed flat on the third and last floor. The property was the subject of a total renovation, recently completed, which led to a different and more functional distribution of spaces, the creation of new electrical and thermo-hydraulic systems, the installation of new windows, interior doors, floors and walls, the installation of electric shutters and the predisposition for air conditioning. Internally, the flat consists of: spacious living room with open kitchen and balcony, two double bedrooms, a single bedroom and two bathrooms. We remain at your complete disposal for further information or inspections.
